## CHEONG CHIN ENG EVORN

This award came as a total but pleasant surprise as my marks were not on par with the previous achievers for this particular paper. I thank the lecturers of SAA for their dedications and encouragements in making this journey accomplishable although I do not have a grain of accounting knowledge or experience prior to embarking the CAT course. Special thanks to Mdm Gan Bee Eng, Ms Geetha, Mr Ben Lee, Mr Manek, Mr Nageb and Mr Tan Cher Keow, without whom passing the exams would be a long journey. Thank you for your encouragements, motivations and patience in answering questions from the very inquisitive students. I acknowledge the slack on my part for the few subjects that I did not get satisfying marks as I was not diligent enough, for all the lecturers had played their roles in imparting the best of their knowledge to us. I also want to thank the help rendered by the staff of SAA- be it queries or administrative matters, and give special recognition to Ms Nur Izyani, who went the extra mile in rendering her assistance. Keep up the good work.
